

NY WATERWAY®

June 18, 2014

To Our Valued Edgewater Customers:

New Edgewater Ferry Schedule – Effective Monday, June 23, 2014

In our effort to provide the best service possible for our Edgewater customers' morning commute, we are implementing the below new Edgewater Ferry Schedule. This should provide more timely connections with our morning Midtown bus service and save time awaiting buses dispatched at Pier 79. These changes to our morning schedule will also reduce the wait time of our Midtown buses to help get our customers to their destinations as quickly and effectively as possible. Coordination of buses and boats is the heart and core of our efficiency.

Please know that each ferry departure must leave at the scheduled time in order to maintain our schedules. Although there are sometimes conditions or occurrences that are beyond our control, our utmost goal is to provide our customers with a timely, efficient and enjoyable commute. At times, our boat crew's judgment of river conditions must prevail.

We sincerely hope that the below changes will help better serve our Edgewater customers and we will keep monitoring performance as we implement these changes.

We again thank you for your patronage and for continuing to ride the NY Waterway ferry.

Sincerely,

Arthur E. Imperatore
Founder and President
